

EL PASO STILL GUARDED AGAINST MEXICAN ATTACK

Appearance of Orozco in City Gives Color to Report of Plot by Anti-Villa Factions to Cross Border.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) El Paso, Tex., Aug. 26.—Doubled guards of soldiers tonight are posted at the international bridge, railroad viaduct and other strategic points as a continuation of the precautions of General John J. Pershing, commanding the El Paso military division, against attempts to execute the plotting against the city for early this morning.

State rangers have been ordered to El Paso from the station at Yuleta to reinforce the civil and military authorities.

The presence of General Orozco here, whose followers are alleged to have participated in the plot, was a factor in the continuation of the military precautions taken last night. General Orozco, who defeated his band when held with General Huerta as a charge of attempted conspiracy to violate the neutrality laws of the United States, and fled to Mexico, was admitted by his family today to have visited them today. He disappeared before a warrant for his arrest could be served.

There was no excitement here today as the result of the news of the plot of last night, except among Mexicans.

20 ARMED MEXICANS HAVE INVADDED TEXAS

Brownsville, Tex., Aug. 26.—Twenty armed Mexicans tonight invaded Texas from Mexico and are being pursued west of here in the region of Progresso by fifty United States troops. Progresso recently was the scene of fighting between bandits and soldiers.

BATTLE WITH BANDITS ON BORDER OF TEXAS

Corpus Christi, Tex., Aug. 26.—Mexican bandits and American peace officers today fought in a public road leading into Falfurrias, Brooks county, and one of four armed Mexicans was probably mortally wounded. One of the Americans was hurt.

The wounded Mexican carried a high power rifle and 105 rounds of ammunition. His companions escaped, pursued by a posse headed by Sheriff Maupin. There are only five soldiers stationed here, but today's incident has caused local authorities to ask for more.

ARMED MEXICANS RAID RANCH IN LUNA

Columbus, N. M., Aug. 26.—Armed Mexicans from south of the border today attacked the ranch of William Moody near here, drove out the Moody family, looted the house of rifles, saddles and horses and set fire to the outbuildings. Before the military reached the neighborhood the raiders had escaped across the border.

ITALIANS STILL MAKE PROGRESS AGAINST ENEMY

Trenches and Strong Mountain Positions Are Taken Against Strong Resistance of Austrians.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Rome, Aug. 26 (11:25 p. m.).—The statement of the Italian general headquarters dated August 26 and made public here tonight says:

"In Val Sugana, our troops, on the Monte Civitavecchia-Toronto line, have extended their ground and occupied points above Trento as far as the positions of Mount Armentera and Mount Salvo. The enemy failed to prevent our advance and in addition left a few prisoners in our hands."

"In the Seebach valley our artillery opened fire on an encampment hidden in the bend of the left flank of the Trento. The enemy was forced to flee in disorder, pursued by a shower of well-directed shrapnel."

"In the upper Isarco region our Alpine detachments captured several strong enemy entrenchments along the steep southern slopes of Monte Rombon. We took thirty prisoners, including one officer, and took also two machine guns, rifles and a quantity of munitions."

"On the Carso front the enemy placed a number of batteries in new positions from which he opened an intense fire all along the front. Nevertheless our work of approaching the enemy continues without interruption. Yesterday, toward the left wing of our lines, we occupied fresh trenches, capturing sixty rifles, a searchlight and various war materials."

RUSSIAN LINES PIERCED; SLAV FORCES DIVIDED

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Austrian Headquarters, Aug. 26 (via London, 8:35 p. m.).—Austrian cavalry has pushed forward from Kovel and divided the Russian forces into two groups which are now unable to cooperate with each other, according to advice received from the commanders at the front.

The Austrian armies north of the Bug have gained ground in the direction of the railway connecting Bruch-Litovsk with Minsk. They now hold positions about three miles west of the river Lomva.

The wedge thrust into the Russian front by the Austrian cavalry occupying Kovel has been carried farther eastward and widened. The Russian forces thus are severed into two groups which makes it impossible for them to operate with each other.

Advices are to the effect that the Russians continue to be defeated at every point on the Isonzo and Tyrol fronts.

AMERICAN STEAMER HELD UP BY ENGLAND

(BY MORNING JOURNAL SPECIAL LEADER WIRE) London, Aug. 24 (Delayed by Censor).—The American steamer Syrtis from New York for Narvik carrying resin consigned to Petrograd is still detained by the British authorities, as they insist that the vessel must taken directly to Archangel unless the owners secure a guarantee from Sweden that trans-shipment of the cargo will be permitted. The Norwegian Steamship Artemis, from Baltimore for Stockholm, with a cargo of coal has been detained.

HAITIENS GIVEN MORE TIME TO MAKE SPEECHES

Parliament of Black Republic May Vote on Proposed Protectorate Not Later Than September 17.

(BY MORNING JOURNAL SPECIAL LEADER WIRE) Washington, Aug. 26.—Haiti's parliament has been given until September 17 to act upon the proposed treaty by which the United States would extend a financial protectorate over the unstable little republic for ten years. In the meantime the American marines will continue to occupy the principal cities of the island to prevent a recurrence of anarchy.

Charles Davin, of the American legation at Port-au-Prince, had asked that the treaty draft be approved not later than tonight, when parliament was scheduled to adjourn. The Haitians protested against limiting their debate on the proposal and the charge reported today that when they arranged to extend the session of parliament until September 17, he did not press for immediate action.

Before the proposed convention can become effective, it must be ratified by the United States senate. The executive department has arranged, however, to resort to a modus vivendi or temporary working arrangement as soon as the Haitian parliament accepts the draft now before it. Some of the Haitian customs houses already have been taken over by their Admiral Caperton, commanding the naval forces, and supervision of the others will be assumed when the time comes. Then American officers will set apart portions of the revenue received for the expenses of the island government, reserve sufficient to meet interest on the foreign debt and see that any remainder is expended on public works or retained in the treasury.

If this arrangement works satisfactorily officials believe there will be no difficulty in securing prompt ratification of the formal treaty when congress meets in December.

CONWAY TELLS OF TRIP TO THE COAST

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Aug. 26.—County School Superintendent John W. Conway returned today from the exposition and the National and International Education conventions at Oakland, Calif., the advance guard of a hundred New Mexico educators coming home.

"A short of delight went up," he declared, "in the New Mexico building at San Diego, during our meeting, when a telegram announced that the site for the Cathedral of the Desert at Santa Fe had been secured. We were in position just then to appreciate the beauty, the significance, the importance of the building, for it is talked about and praised everywhere on the coast. Every one feels that in many ways it is the finest and most appropriate structure at the two expositions."

Mr. Conway reports that ninety-seven members of the convention, or fully one-tenth of the voting strength, had pledged themselves to vote for Superintendent Alban N. White for president of the National Education association, when he positively refused to permit his name to go before the convention. However, the work of his friends resulted in New Mexico being given much prominence and it will be fully recognized in the committee appointments and future arrangements of the association.

SALARIES PAID PREACHERS FAR BELOW JUSTICE

(BY MORNING JOURNAL SPECIAL LEADER WIRE) San Francisco, Aug. 26.—Frederick Delano, of Washington, D. C., vice governor of the federal reserve board, set forth in a report here today what constitutes an adequate salary for a minister, and the further information that Unitarian ministers do not get it. He spoke before the general conference of Unitarian and other Christian churches as chairman of the committee on ministerial salaries.

"An adequate salary for a minister in any given town or city," the report said, "is the amount which would enable him, his wife and two dependents to live with reasonable economy in sufficient comfort to maintain the health of the family, to take sufficient recreation to keep up his professional standards through the purchase of books and magazines and by attending conferences and to make due provision for illness and old age."

"A minister needs more than a bare living if his effectiveness is not to be handicapped."

In figures, salaries of from \$1,000 and parsonages in towns of less than 5,000 population to \$4,000, and parsonages in cities of more than 250,000 population are given as the least reasonable figures, with "reasonably satisfactory salaries," 25 per cent higher. The minimum, however, is more than many Unitarian churches now pay, the report said.

Serious Fight at Dance. Santa Fe, Aug. 26.—Information of a bloody fight at a dance last night by Miguel Roybal and his son Lucio at Tesuque, was filed today with Assistant District Attorney A. M. Edwards. It grew out of an alleged assault on a woman. Felix Romero was stabbed and seriously wounded.

TINKLEPAUGH TO GATHER EXHIBIT OF OTERO COUNTY

Live-wire Secretary of Alamogordo Commercial Club Appointed to Look After Interests of County at Fair.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Alamogordo, N. M., Aug. 26.—The board of county commissioners has designated Otto L. Tinklepaugh, secretary of the Alamogordo Commercial club, to have entire charge of the work of gathering and preparing the county exhibit for the New Mexico state fair at Albuquerque. The board has expressed the desire that Secretary Tinklepaugh may have the support and cooperation of all who are interested in seeing the county well represented.

The official order which appoints \$500 for this purpose reads as follows: "Be it resolved, that the sum of five hundred dollars, or so much thereof as may be found necessary to be used thereto, be and the same hereby is appropriated for the purpose of defraying the expenses of gathering together, preparing and placing upon display at said state fair an Otero county exhibit of all such fruits, vegetables, grains, farm products, minerals and other Otero county products as may be had, said exhibit to be placed in the charge of such person or persons as shall hereafter be designated by this board to have charge of said matter."

"It is further resolved that the citizens of Otero county and the officers and members of the business men's clubs and other organizations of the several towns of the county be and they each of them are hereby appealed to in the matter of co-operating with this board and such persons as may be designated to gather together such exhibits in order that such display may be a credit to the county."

Improvement Company Clear. The Alamogordo Improvement company no longer owes the state of New Mexico or the county of Otero any taxes. The record was cleared late yesterday afternoon, when the company paid the sum of \$8,264.05 into the office of James A. Baird, county collector and treasurer.

This was the sum due for the 1915 and 1914 taxes, and interest charges and enabled the company to redeem all its property, which had been sold to the county in default of the 1913 taxes. The payment of this sum in taxes, so long held up, will help the schools during the coming term and also will give an impetus to the building and repairing of the roads.

COWBOY DETECTIVE WANTS TRAIL RESTORED

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Aug. 26.—Charles Strimbo, the cowboy detective of Santa Fe, has interested Wichita people in the

restoration of the old Chisholm trail. Mr. Strimbo has undertaken to mark the trail, which in some respects had as much traffic over it as the Santa Fe trail for many years.

It was Jesse Chisholm, a half-breed Cherokee with Scotch blood, who made a wagon trail from the Wichita Indian village to the Wichita river in Oklahoma as early as 1855. A Texas settler of the same name extended it into Texas and over it cattle from New Mexico and Texas were driven as late as the twenties. The trail crossed the Cimarron and the Canadian rivers. There were days when the best even along the trail could be bought for a pair of shoes and a long horn for a pair of tobacco. Dan Wagon would get 100 to 125 head of steers for a flannel red Mitchell season. The first herd driven through Wichita was in 1867 and consisted of 25,000 head. Strimbo is writing a history of the trail.

Child Killed by Bicycle. Santa Fe, Aug. 26.—Public Chaves, of La Union, accidentally ran over Ricardo Robles, aged 8 years, with his bicycle. The child had his left leg broken above the ankle and for two hours was upon the operating table while the plaster hardened. His mother, Felipe Robles, held his head in her arms during the two hours and said: "He is the only man I have." Asked if she were not tired and did not want to rest her arm, she shook her head and said that her arm did not grow tired in that way.

George Washington—"Father of His Country"

EVERY AMERICAN knows that without "Immortal Washington" our National Independence would have been impossible. Few, however, know that the greatest battle of Washington's life was fought to secure for his countrymen the Constitution of the United States. Almost immediately after the Revolution it seemed that all the great sacrifice of blood and treasure had been in vain. The original thirteen states refused to work in harmony, either in spirit or in law. The new Republic was tottering to its foundations. At this critical period in American history the most brilliant men of each state met in convention and unanimously elected Washington as President—undoubtedly the most momentous gathering of the kind the world has ever known. Here he displayed as great ability as law-maker as he had as a warrior. For months the Fathers of the Republic labored, and finally adopted our present National Law, which forever guarantees Religious, Commercial and Personal Liberty. This was in 1787. Seventy years later Anheuser-Busch established their great institution upon the tenets of the Federal Law which Washington did so much to create. Like all of the great men of his time, he was a moderate user of good old barley brews. For three generations Anheuser-Busch have brewed honest malt and hop beers. To-day 7500 people are daily employed to keep pace with the ever-increasing public demand. The great popularity of their famous brand—BUDWEISER—due to quality, purity, mildness and exquisite flavor, has made its sales exceed those of any other beer by millions of bottles.
